

Amendments to the Specification

- 1) Please insert the following titles and subheadings:

At page 1, line 1:

**Process and apparatus for producing a krypton/xenon
mixture from air**

Background of the Invention

1. Field of the Invention

At page 1, line 3:

2. Related Art

At page 2, line 1:

Objects and Summary of the Invention

At page 4, line 17:

Brief Description of the Drawings

At page 4, line 24:

Description of Preferred Embodiments

- 2) Please replace the paragraph found at page 4, line 17, with the following:

For a further understanding of the nature and objects for the present invention, reference should be made to the following detailed description, taken in conjunction with the accompanying drawings, in which like elements are given the same or analogous reference numbers. Examples of the invention will now be described with regard to the appended drawings, in which:

- Figure 1 is an overall diagram of a plant according to the invention;
- Figure 2 shows schematically a portion of this plant, and
- Figure 3 is a partial diagram of a variant.

- 3) Please add the following paragraph to page 9, line 3:

It will be understood that many additional changes in the details, materials, steps and arrangement of parts, which have been herein described in order to explain the nature of the invention, may be made by those skilled in the art within the principle and scope of the invention as expressed in the appended claims. Thus, the present invention is not

intended to be limited to the specific embodiments in the examples given above.

- 4) Please delete the following from page 13, following item (c):
Figure 1 -
